# 1. General

# 1.1 Information Concerning these Instructions

- These instructions apply to the product with ID code CSLH003.
- They make it possible to use the product safely and efficiently.
- These instructions are an integral part of the product and must be kept on hand for the entire duration of its service life.
- · Local accident prevention regulations and national work safety regulations must be complied with as well.
- The product is subject to further technical development, and thus the information contained in these
  operating instructions may also be subject to change. The current version can be found at www.wenglor.
  com in the product's separate download area.

#### NOTE

The operating instructions must be read carefully before using the product and must be kept on hand for later reference.

# 1.2 Explanations of Symbols

- · Safety precautions and warnings are emphasized by means of symbols and attention-getting words
- · Safe use of the product is only possible if these safety precautions and warnings are adhered to
- The safety precautions and warnings are laid out in accordance with the following principle:

#### ATTENTION-GETTING WORD!

#### Type and Source of Danger!

Possible consequences in the event that the hazard is disregarded.

· Measures for averting the hazard.

The meanings of the attention-getting words, as well as the scope of the associated hazards, are listed below.

#### DANGER!

This word indicates a hazard with a high degree of risk which, if not avoided, results in death or severe injury.

## WARNING!

This word indicates a hazard with a medium degree of risk which, if not avoided, may result in death or severe injury.

#### CAUTION!

This word indicates a hazard with a low degree of risk which, if not avoided, may result in minor or moderate injury.

#### ATTENTION!

This word draws attention to a potentially hazardous situation which, if not avoided, may result in property damage.

#### NOTE!

A note draws attention to useful tips and suggestions, as well as information regarding efficient, error-free use.

# 1.3 Limitation of Liability

- The product has been developed in consideration of the current state-of-the-art and applicable standards and guidelines. Subject to change without notice.
- A valid declaration of conformity can be accessed at www.wenglor.com in the product's separate download area.
- wenglor sensoric elektronische Geräte GmbH (hereinafter referred to as "wenglor") excludes all liability in the event of:
  - · Non-compliance with the instructions
  - Use of the product for purposes other than those intended
  - · Use by untrained personnel
  - · Use of unapproved replacement parts
  - · Unapproved modification of products
- These operating instructions do not include any guarantees from wenglor with regard to the described procedures or specific product characteristics.
- wenglor assumes no liability for printing errors or other inaccuracies contained in these operating
  instructions, unless wenglor was verifiably aware of such errors at the point in time at which the operating
  instructions were prepared.

# 1.4 Copyrights

- The contents of these instructions are protected by copyright law.
- · All rights are reserved by wenglor.
- Commercial reproduction or any other commercial use of the provided content and information, in particular graphics and images, is not permitted without previous written consent from wenglor.

4 General

# 2. For Your Safety

# 2.1 Use for Intended Purpose

This hand scanner is used to decode 1D/2D codes.

## This product can be used in the following industry sectors:

- · Automotive industry
- Food industry
- · Packaging industry
- · Pharmaceuticals industry
- · Clothing industry
- Plastics industry
- · Consumer goods industry
- Paper industry
- · Electronics industry
- · Glass industry
- · Printing industry
- · Special machinery manufacturing
- · Heavy machinery manufacturing
- · Logistics
- · Woodworking industry
- Steel industry
- Aviation industry
- · Construction industry
- · Chemicals industry
- · Agriculture Industry
- · Alternative energy
- · Raw materials extraction

# 2.2 Use for Other than the Intended Purpose

- Not a safety component in accordance with 2006/42/EC (Machinery Directive)
- The product is not suitable for use in potentially explosive atmospheres.
- The product may only be used with accessories supplied or approved by wenglor, or combined with approved products. A list of approved accessories and combination products can be accessed at www.wenglor.com on the product detail page.

#### DANGER!

Risk of personal injury or property damage in case of use for other than the intended purpose!

Use for other than the intended purpose may lead to hazardous situations.

· Observe instructions regarding use for intended purpose.

## 2.3 Personnel Qualifications

- · Suitable technical training is a prerequisite
- · In-house electronics training is required
- · Trained personnel must have uninterrupted access to the operating instructions

#### DANGER!

# Risk of personal injury or property damage in case of incorrect initial start-up and maintenance!

Personal injury and damage to equipment may occur.

· Adequate training and qualification of personnel.

#### 2.4 Modification of Products

#### DANGER!

# Risk of personal injury or property damage if the product is modified!

Personal injury and damage to equipment may occur. Non-observance may result in loss of the CE marking and the guarantee may be rendered null and void.

• Modification of the product is impermissible.

# 2.5 General Safety Precautions

#### NOTE!

- In the event of possible changes, the respectively current version of the operating instructions can be accessed at www.wenglor.com in the product's download area.
- Read the operating instructions carefully before using the product.
- Protect the sensor against contamination and mechanical influences.
