# SG4-30IE045C1

- Completely integrated electronics
- Fix blanking, floating blanking and reduced resolution, cascading, muting
- Serial interface

These safety light curtains are distinguished by their compact design. They are also equipped with numerous auxiliary functions, allowing for adaptation to the respective application in a highly individualized fashion. The adequate mounting angle BEF-SET-33 is included in the delivery.

#### **Technical Data**

| Technical Data                        |                       |
|---------------------------------------|-----------------------|
| Optical Data                          |                       |
| Range                                 | 0,520 m               |
| Safety Field Height (SFH)             | 480 mm                |
| Resolution                            | 30 mm                 |
| Light Source                          | Red Light             |
| Opening Angle                         | ± 2,5 °               |
| Electrical Data                       | _ ,·                  |
| Sensor Type                           | Receiver              |
| Supply Voltage                        | 24 V DC               |
| Current Consumption (Ub = 24 V)       | 300 mA                |
| Response Time                         | 8,2 ms                |
| Temperature Range                     | -2050 °C              |
| Storage temperature                   | -2570 °C              |
| No. Safety Outputs (OSSDs)            | 2                     |
| Safety Output Voltage Drop            | < 2,5 V               |
| PNP Safety Output/Switching Current   | 300 mA                |
| Number of Signal Outputs              | 1                     |
| Signal Output Voltage Drop            | < 2,5 V               |
| Signal Output/Switching Current       | 200 mA                |
| Short Circuit and Overload Protection | yes                   |
| Reverse Polarity Protection           | yes                   |
| Interface                             | RS-485                |

| Hand Protection                       | yes                   |
| Restart Inhibit                       | yes                   |
| Contactor Monitoring                  | yes                   |
| Cascading                             | yes                   |
| Fix Blanking                          | yes                   |
| Floating Blanking                     | yes                   |
| Reduced Resolution                    | yes                   |
| Serial Communication                  | yes                   |
| Connection Table No.                  | 28                    |
| Control Panel No.                     | S4 S4                 |
| Suitable Connection Equipment No.     | 88 88s                |
| Suitable Mounting Technology No.      | 700                   |
| Suitable Serial Interface Plug No.    | 11                    |
|                                       |                       |

#### **Suitable Emitter**

SG4-30IS045C1

## **Complementary Products**

Laser Alignment Tool SZ0-LAH1

Muting Indicator SM0-00CA000C1

Path-Folding Mirror Z2UG002

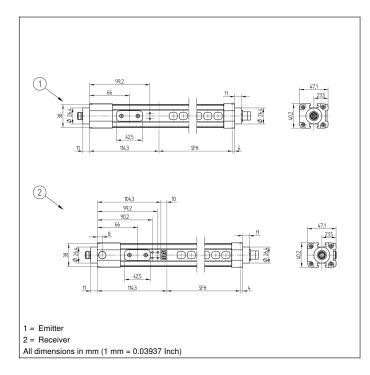

Protection Column with Path-Folding Mirror SZ000EU125NN01

Protection Column with Protective Screen SZ000EG125NN01

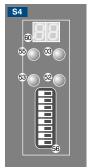

Safety Relay SG4-00VA000R2, SR4B3B01S, SR4D3B01S

Software

### Ctrl. Panel

- 03 = Error Indicator
- 20 = Enter Button
- 52 = OSSD ON
- 53 = OSSD OFF
- 55 = Blanking
- 56 = Dip-Switch
- 60 = Display
